04 **PROJECTS**

THE GROUP

CENTRUFFICIO GROUP

The industrial group: factories, technical office, logistics and installation teams. Founded in Milan in 1986.

SIGNS

THE BRAND

CUF MILANO

Design collections, Jaleed partitions, acoustics and turnkey projects for architects, design studios and corporate clients.

CUF MILANO SHOWROOM — VIA ROSALES 3/5, CORSO COMO DISTRICT · OPENED IN APRIL 2019

VIA ROSALES · CORSO COMO DISTRICT

CUF MILANO. WHERE MILAN MEETS DESIGN.

A short walk from Corso Como and Porta Nuova: less a shop window than a workplace for people who design.

SHOWROOM AND MATERIALS LIBRARY

Collections set up as real offices, and finishes you can touch on the sample.

EVENTS AND COURSES

Evenings on design and technical sessions for designers on acoustics, ergonomics and standards.

IN BRIEF

CUF MILANO, IN FOUR LINES.

WHO WE ARE

The design brand of Centrufficio Group, launched in 2018. The group has been in Milan since 1986.

WHERE

Headquarters and factories in Italy, showrooms across Italy and in Paris, an export office for international markets.

WHAT WE DO

Furniture, seating, glass partitions and acoustics, from design to installation.

FOR WHOM

Architects, design studios and corporate clients.

+480K	+500	5	5	25	+200	48M
OFFICES FURNISHED IN 40 YEARS	CONTRACT PROJECTS	PRODUCTION SITES	LOGISTICS HUBS	SHOWROOMS IN ITALY AND PARIS	DIRECT EMPLOYEES	2025 TURNOVER (€)

HUMAN TECHNOPOLE · MILAN

SPACE FIRST, PRODUCT SECOND.

Every project starts from how people work: four spaces, twenty-one collections in the pages that follow.

OPEN SPACE AND COWORKING

Workstations, benches and shared spaces that follow the organisation and change with it: order, integrated technology, reconfigurability.

SEVENTY SEVEN | INTERLOCKING | FUSION | MOBI | STILO | BRAMANTE

EXECUTIVE AND MEETING

Representative offices and meeting rooms where materials, proportions and technology express the company's identity.

BOLD | RING EXECUTIVE | RING CONFERENCE | VITTORIA | BRAMANTE GLASS

WALLS AND STORAGE

Glass partitions, bespoke cabinets and lockers: separate, store and protect without giving up light and transparency.

LOCKER & STORAGE | JALEED | NEXA | IDRAWALL | STORAGE WALLS

WORKPLACE WELLBEING

Acoustics, ergonomics, biophilia and privacy: what makes people feel good at work.

RELAX | ACOUSTICS | BIOPHILIA | ERGONOMICS | PRIVACY

PRODUCTION

FIVE FACTORIES, EACH WITH ITS OWN CRAFT.

Standard and made to measure, compliant with the Italian Minimum Environmental Criteria (CAM), Legislative Decree 81/08 and the relevant UNI EN standards.

5 FACTORIES

Two for furniture, one for seating, one for acoustics and, since 2026, one for bespoke joinery.

MADE TO MEASURE

Non-standard sizes and finishes to sample, on your design.

CERTIFIED MATERIALS

FSC, CARB, CAM: details in the certifications section.

THE COLLECTIONS · OPEN SPACE AND COWORKING

OPEN SPACE AND COWORKING

Workstations, benches and shared spaces that follow the organisation and change with it: order, integrated technology, reconfigurability.

PROGETTO CMR

SEVENTY SEVEN

A 14 mm top, an elliptical leg: the lightened desk.

TOPS
14 mm melamine, Moon White and Anthracite

DEPTHS
77 and 57 cm, modular even with workstations rotated by 90°

LUIGI GLORINI · CUF MILANO LAB

INTERLOCKING

PATENTED

The system that locks together. The wood that lasts.

MATERIAL
Calibrated 30 mm Italian poplar plywood, matt clear bio varnish

JOINTS
Tenon and bayonet joints, no mechanical fixings

JOHN BENNETT AND SAKURA ADACHI

FUSION

One system, from operational areas to the lounge.

STRUCTURE
40 × 40 mm metal tube, 2 mm thick, epoxy powder-coated: white, anthracite; aubergine on request

TOPS
30 mm melamine, sliding for cable access: Birch, White, Anthracite

SELENE MAURI · CUF MILANO LAB

MOBI

Workspaces in constant evolution.

DESK
160 × 80 cm on castors, folding

TROLLEY
Stores the desks and becomes a shelf when they are in use

ESSENTIAL

STILO

A light structure, a thousand ways of working.

STRUCTURE
Light metal, wide choice of finishes and colours

ACCESSORIES
Shelves, organisers, boards, monitor holders, storage

LUIGI GLORINI · CUF MILANO R&D

BRAMANTE

The desking system with a 45° leg.

STRUCTURE
20/10 sheet metal, epoxy powder-coated

LEG
110 × 25 mm, rhomboid section, inclined at 45°

THE COLLECTIONS · EXECUTIVE AND MEETING

EXECUTIVE AND MEETING

Representative offices and meeting rooms where materials, proportions and technology express the company's identity.

ARCH. MATTEO SILVERIO

BOLD

The desk taken apart and put back together.

TOPS
30 mm thick, floating, with milled edge

SIDE PANELS
50 mm thick

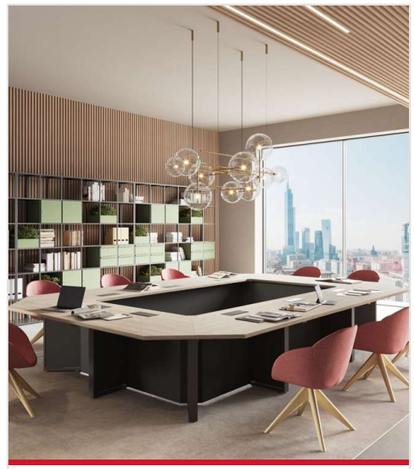

LUIGI GLORINI · CUF MILANO LAB

RING EXECUTIVE

The top floor, between design and efficiency.

TOP
30 mm melamine, 180 or 200 cm long, with top access and cable outlets

STRUCTURE
Cable-ready metal side panel, folded metal beams

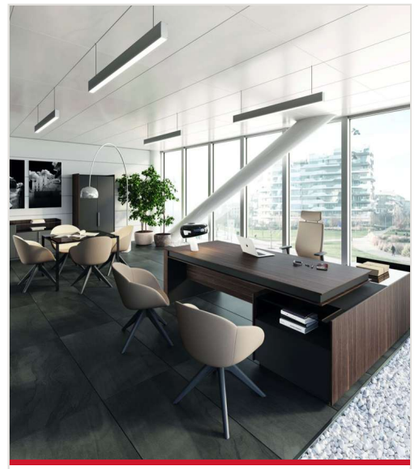

LUIGI GLORINI · CUF MILANO R&D

RING CONFERENCE

The table that grows with the meeting.

MODULES
140 × 80 cm, h 73.5 cm; corner modules within 140 cm

TOPS
Grain-effect melamine 30 mm, 2 mm matching ABS edge

DANIELE LO SCALZO MOSCHERI

VITTORIA

Nothing to add, nothing to take away.

TOPS AND SIDE PANELS
13 mm Cleaf laminate on honeycomb core, 100 mm total thickness

WOOD FINISHES
Savello · Ascari

LUIGI GLORINI · CUF MILANO R&D

BRAMANTE GLASS

The Bramante system, in glass.

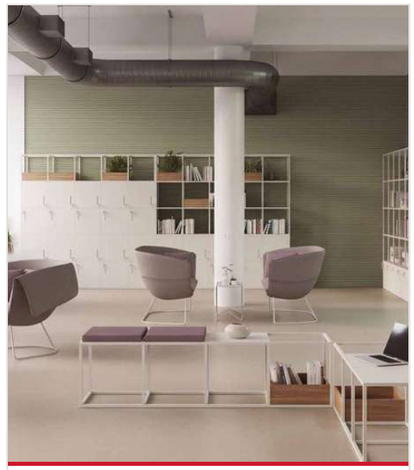

TOP
6 mm toughened back-painted glass over 18 mm melamine

GLASS FINISHES
White · Anthracite · Ecru

THE COLLECTIONS · WALLS AND STORAGE

WALLS AND STORAGE

Glass partitions, bespoke cabinets and lockers: separate, store and protect without giving up light and transparency.

LAMBRATE: LUIGI GLORINI · CUF MILANO LAB

LOCKER & STORAGE

Secure spaces, order that inspires.

LAMBRATE
40 × 40 cm grid; laser-welded 20 × 20 mm tubular frame; sheet-metal boxes and accessories

LAMBRATE COLOURS
Yellow 1033, Green 6021, White 9003, Anthracite; Ivory, Coral, Turquoise on request

ROBERTO FANTINI, CONCEPT AND DESIGN

JALEED

Silence that enhances space.

WALL INSULATION
Rw 49 dB, double 66.2A laminated glass

DOOR INSULATION
Rw 42 dB, double-glazed door

ARCH. PAOLA RIPAMONTI · CUF MILANO LAB

IDRAWALL

Light passes, space is divided.

PERIMETER PROFILE
Natural aluminium, 4 × 4 cm section

GLASS
Laminated 5+5 or 6+6, or 10 mm toughened

ARCH. PAOLA RIPAMONTI · CUF MILANO LAB

STORAGE WALLS

Architecture that stores.

SYSTEM
Gemini storage wall, also as a partition between rooms

INTERIOR
3 cm wooden shelves, sheet-metal shelves, drawers, file frames

NEXA

The next step in silence.

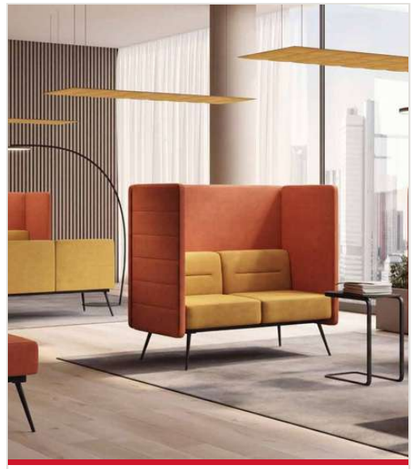

SOUND INSULATION
Design value Rw 53 dB, four decibels above the Jaleed wall.

AVAILABILITY
From 2027. For projects starting now, preview information is available on request.

THE COLLECTIONS · WORKPLACE WELLBEING

WORKPLACE WELLBEING

Acoustics, ergonomics, biophilia and privacy: what makes people feel good at work.

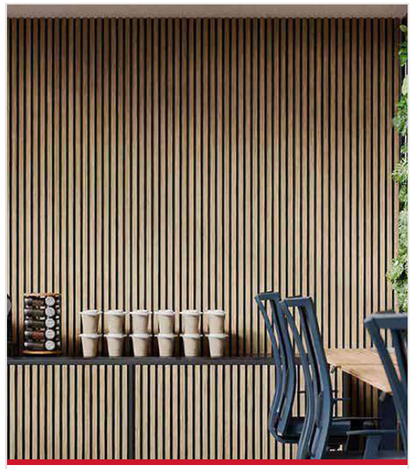

ITAMAR HARARI

RELAX

Comfort, privacy and acoustics for lounge areas.

COMPOSITIONS
Armchair, straight sofa, corner, U-shaped, island, lounge

ELEMENTS
With or without backrest, armrests, privacy panels, coffee tables

ACOUSTICS

Design that listens. Spaces that work.

TETRIX PANELS
Blocks from 20 × 20 to 120 × 200 cm, made to order

MATERIAL
Polyester fibre from recycled bottles, itself recyclable

BIOPHILIA

Nature in the office, with no maintenance.

ZERO MAINTENANCE
No water, light or pruning: just ambient humidity between 40 and 75%.

SOUND-ABSORBING
40 mm Sound Shell backing with certified sound absorption.

ERGONOMICS

Designing spaces around people.

EVERYDAY COMFORT
Chairs and furniture designed for posture and comfort.

VISUAL AND ACOUSTIC WELLBEING
Daylight and acoustic comfort improve concentration.

PRIVACY

Privacy where you need it, without building a room.

ACOUSTIC STANDARD
ISO 23351-1 (Focus, Work, Meet)

LIGHT
LED 3000 K

JALEED · RW 49 DB · UNI EN ISO 10140-2

WHY ACOUSTICS MATTERS.

Glass partitions: 49 dB between the meeting and the corridor.

Jaleed glass partitions with slim profiles and certified sound insulation of Rw 49 dB (42 dB for doors), for meeting rooms and executive offices.

MEETING ROOM WITH JALEED GLASS PARTITIONS

A LIVELY MEETING AT 70 DB: WHAT YOU HEAR BEYOND THE PARTITION

Jaleed partition · Rw 49 dB

70 dB | 21 dB

Inside the room → beyond the partition

Jaleed door · Rw 42 dB

70 dB | 28 dB

Inside the room → beyond the door

Nexa partition · 2027 · Rw 53 dB

70 dB | 17 dB

Inside the room → beyond the partition

01
WE DESIGN

02
WE MANUFACTURE

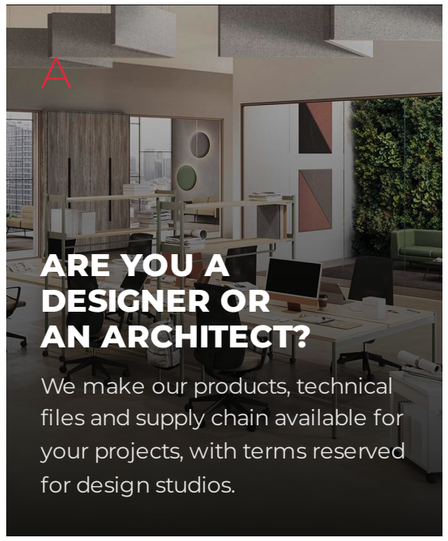

03
WE CERTIFY

04
WE INSTALL

ARCHITECTS, DESIGNERS, COMPANIES

TWO WAYS OF WORKING TOGETHER.

With your studio or with our technical office.

A

ARE YOU A DESIGNER OR AN ARCHITECT?

We make our products, technical files and supply chain available for your projects, with terms reserved for design studios.

3D LIBRARIES

PCON.PLANNER

All collections in the pCon library to build layouts and renderings. DWG for catalogue products, BIM for selected products.

OFML · DWG · BIM

TECHNICAL FILES

CAD, BIM AND TEST REPORTS

Data sheets and test certificates, such as the acoustic and impact resistance reports for Jaleed partitions.

CAD · BIM · TEST REPORT

CATALOGUES

CATALOGUES AND FINISH CHARTS

Catalogues by collection: operational, executive, Jaleed partitions, Taurus, Idrawall and Gemini, acoustics. Physical samples in our showrooms.

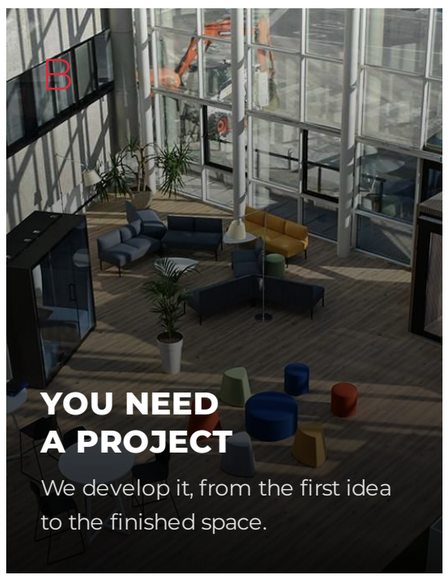

PDF · SAMPLES

ACOUSTICS

ACOUSTIC CHECK OF THE LAYOUT

The reverberation time calculated on your spaces, with the products and quantities needed to reach the target.

REVERBERATION TIME

B

YOU NEED A PROJECT

We develop it, from the first idea to the finished space.

FIRST STEP

ADVICE CLOSE AT HAND

Starting from just the floor plan: layout, acoustics, colour palette, break areas, certifications and sustainable solutions.

FLOOR PLAN · LAYOUT

TECHNICAL OFFICE

THE PROJECT, DESIGNED BY US

Architects, designers and surveyors: layout, choice of furniture and finishes, acoustics, ergonomics and biophilia in one project.

23 SPECIALISTS · LAYOUT · RENDERING

SHOWROOMS

TOUCH BEFORE YOU CHOOSE

Samples of woods, lacquers, fabrics and felts, and furnished spaces to judge proportions and comfort in person.

25 SHOWROOMS · MATERIALS LIBRARY

DELIVERY AND INSTALLATION

INSTALLED BY OUR TEAMS

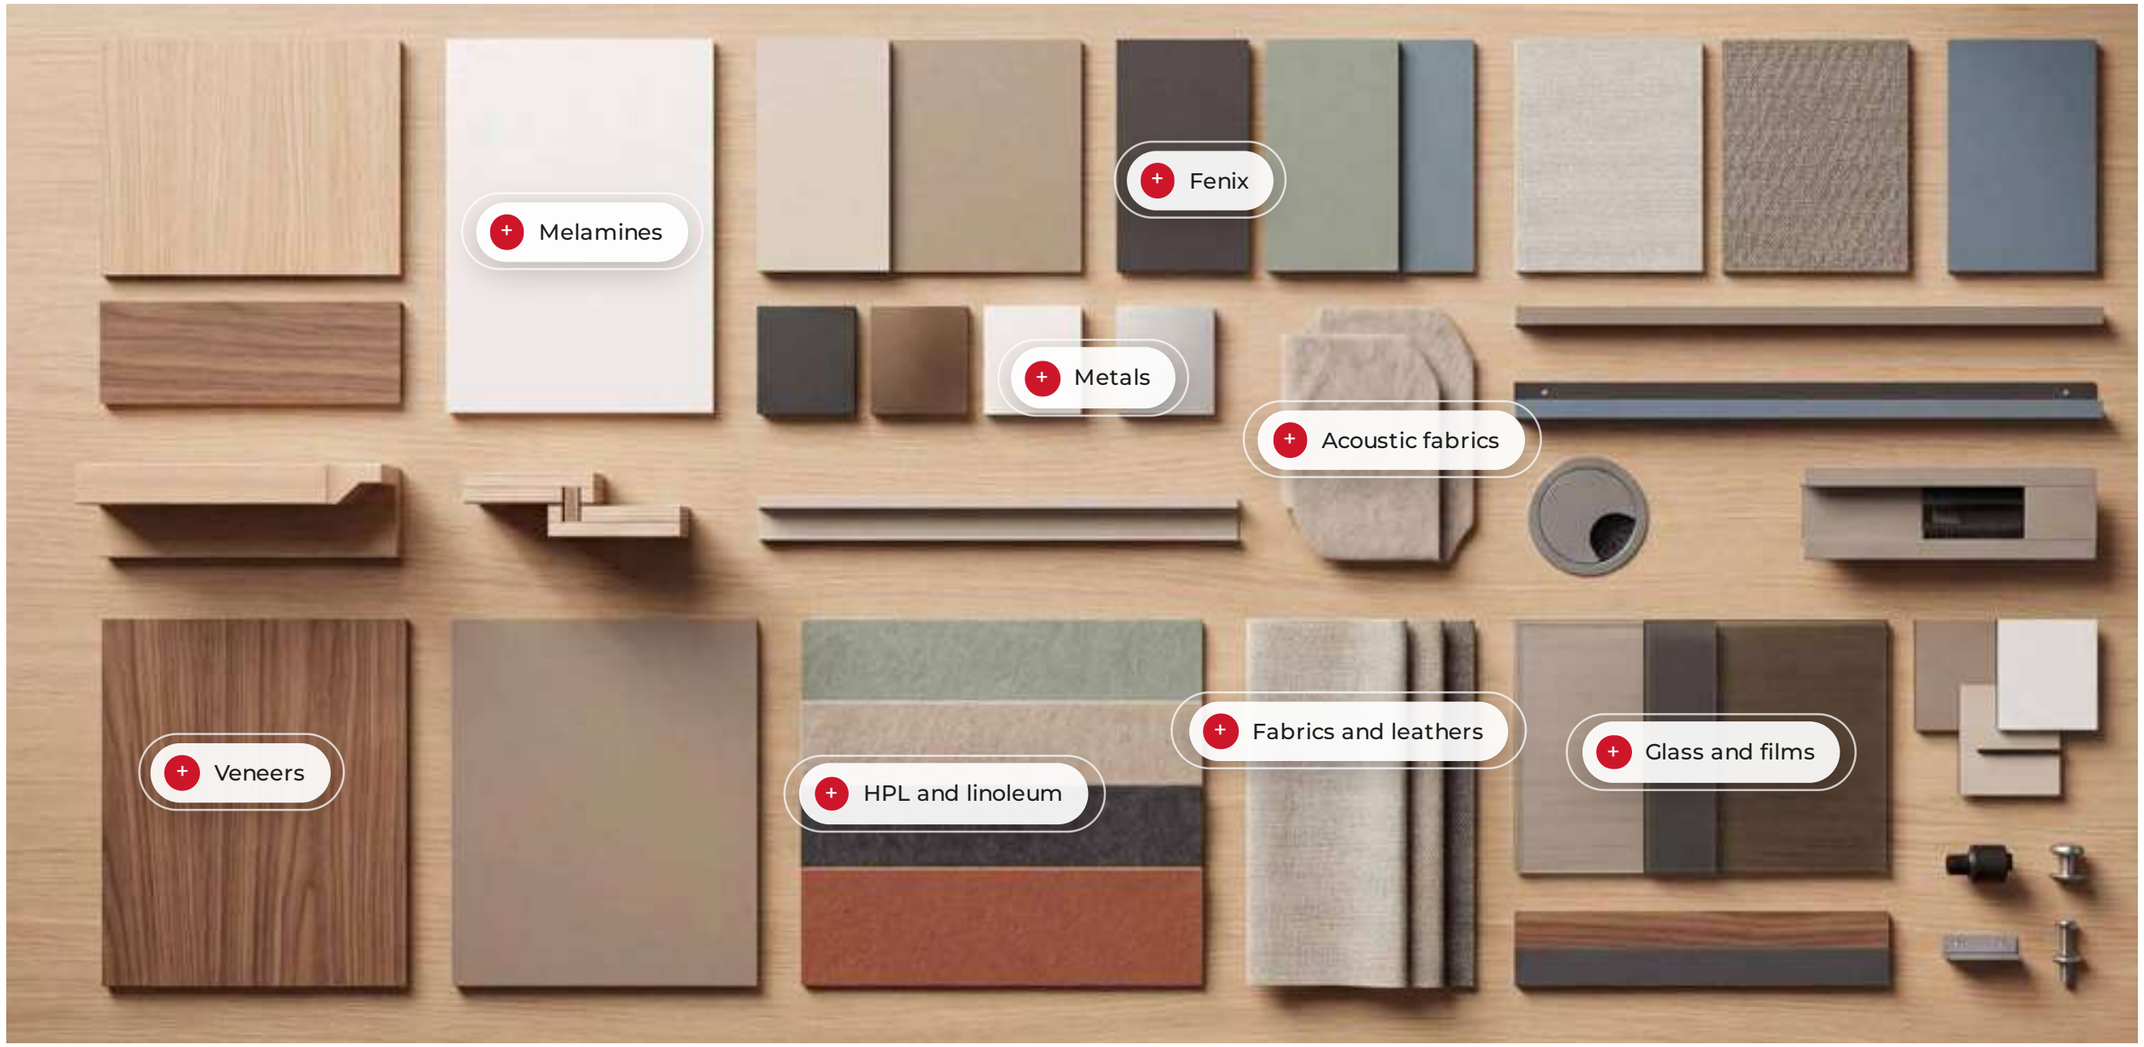

Delivery with the group's 60 vans and installation by in-house teams. Abroad, CUF teams or one of our technicians supervising local labour.

60 VANS · 80+ INSTALLERS

MATERIALS LIBRARY

THREE HUNDRED FINISHES, TO TOUCH BEFORE YOU CHOOSE.

More than three hundred finishes in the catalogue and any colour to sample: you'll find them in our showrooms, in the materials library.

OVER 300 FINISHES · COLOURS MATCHED TO SAMPLE ON REQUEST

CERTIFICATIONS, QUALITY AND SUSTAINABILITY

VERIFIED BY THIRD PARTIES, NOT JUST DECLARED.

Where there is a third-party body, there is a document to attach to the tender.

THE COMPANY

UNI EN ISO 9001:2015
Design, production and service processes managed and verified to the international quality standard.

UNI EN ISO 14001:2015
A system that measures and reduces the environmental impact of our activities, year after year.

UNI EN ISO 45001:2018
The safety of the people who make, transport and install our furniture, managed with method.

UNI ISO 37001:2016
Transparency and fairness in dealings with clients, suppliers and public administration.

UNI/PdR 125:2022
Equal opportunities in career growth, pay and work-life balance.

SOA qualification OG 1 – OS 6, class II
Italian qualification to carry out public works: finishes, partitions and building works as general contractor.

OUR COMMITMENTS

FSC
The wood we use comes from responsibly managed forests and is traced along the supply chain.

Synesgy certificate
ESG assessment of the company's environmental, social and governance performance.

Sustainability report
The goals, results and figures of our commitment, published every year.

Renewable energy
Photovoltaic plants on the Cologno, Pioltello, Modena and Vicenza warehouses.

Plastic-free packaging
Cardboard boxes and corner protectors; film is used only to protect glass.

Fibereuse · Hi-Hack
With Politecnico di Milano and DesignTech: formaldehyde-free materials from recycled glass fibre and furniture from organic waste.

CERTIFICATIONS, QUALITY AND SUSTAINABILITY

VERIFIED BY THIRD PARTIES, NOT JUST DECLARED.

THE PRODUCT

CAM
Products compliant with the Minimum Environmental Criteria required in Italian public tenders.

CE marking
Products compliant with European safety and health requirements.

VOC certifications
Volatile organic compound emissions verified on operational furniture and seating.

CARB certification
Panels with very low formaldehyde emissions for healthier indoor air.

LEED contributions
Documentation of product contributions for LEED-certified projects.

WARRANTY AND SERVICE

UP TO
5 YEARS
Product warranty of up to five years.

AFTER
HANDOVER
We guarantee the work needed to reconfigure spaces even after handover, when your organisation changes.

DIRECT
SERVICE
We handle it ourselves, with a dedicated office and our own teams on the ground.

PROJECTS AND REFERENCES

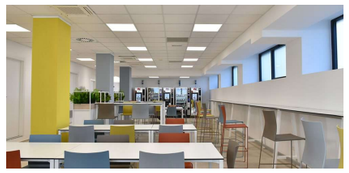

SOME OF OUR PROJECTS.

Followed from concept to installation, in Italy and abroad.

LOMBARDY · 2024

GLS

Reception, operational offices, lounge, recreation areas, kitchen and video-call rooms: a complete project for the Lombardy headquarters of the international logistics group.

SUPPLY

Fusion Outdoor with awning, MiCasa and Phone Booth, preserved plants, glass boards, ergonomic stools, sound-absorbing solutions

MILAN · 2023

RAI PUBBLICITÀ

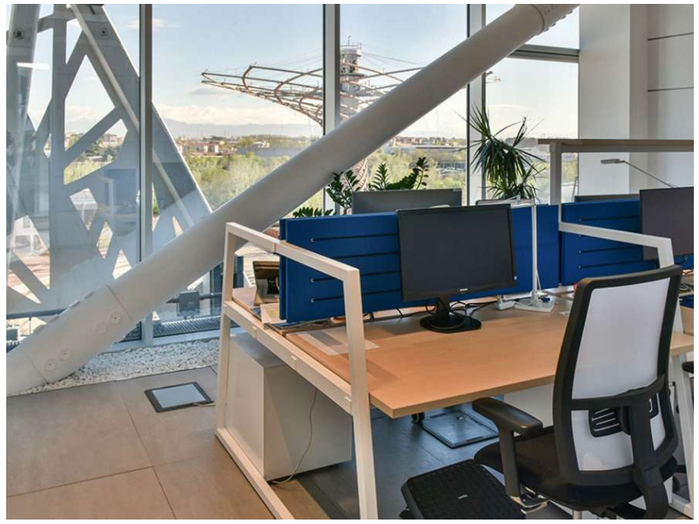

Renovation of four areas of the Milan headquarters: break area, meeting room, training rooms and outdoor space, with furniture, bespoke joinery and preserved greenery.

SUPPLY

Doria line, Gemini seating and storage walls, preserved greenery, operable walls, bespoke joinery, Parthenope pergola

PROJECTS AND REFERENCES

SOME OF OUR PROJECTS.

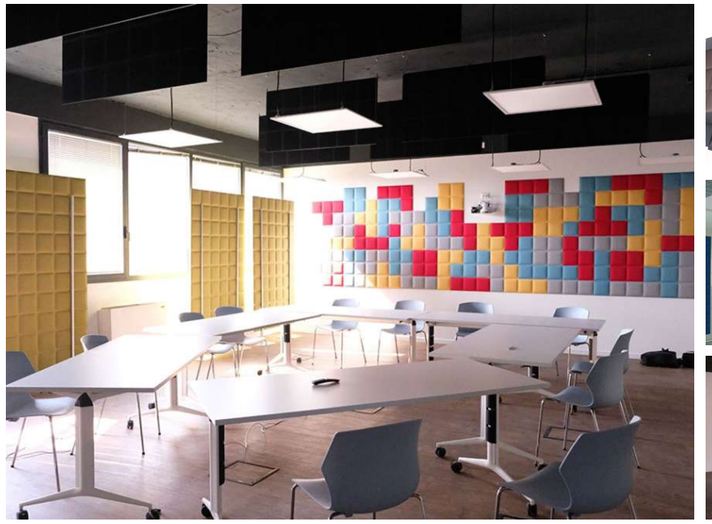

MIND MILAN · 2022–2023

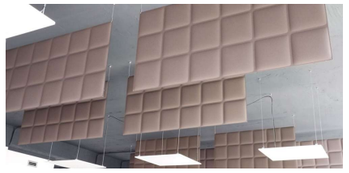

HUMAN TECHNOPOLE

A scientific research institute based in Palazzo Italia, in the MIND district (the former Expo 2015 site). The project starts from flexibility: grouping workstations, changing offices, turning training rooms into meeting rooms, with furniture that adapts to the headcount rather than the other way round.

SUPPLY

Fusion line for operational areas, Bramante Glass for executive offices

MILAN · 2022

POLIHUB

For the Politecnico di Milano's start-up incubator we handled design, sound survey, supply and installation of a sound-absorbing system throughout the building: single offices, training and conference rooms, open-plan areas and break areas.

SUPPLY

Tetrix panels as baffles, clouds, freestanding and wall-mounted

PROJECTS AND REFERENCES

SOME OF OUR PROJECTS.

FLORENCE · 2025

MENARINI

Design of the operational spaces of the Florence headquarters: layout, furniture, privacy and archiving, with the client's colours and logo throughout.

SUPPLY

Fusion benches and height-adjustable desks, privacy booths, screens with the company logo, modular storage in the client's colours

ABROAD TOO

Projects delivered outside Italy, with CUF teams or with one of our technicians on site.
